### Consignment Terms & Conditions Agreement

We are happy that you have chosen to work with *Next Time Consignment* and we will work hard to make this a rewarding and fun process! Customers interested in consignment must fully complete the required information and agree to all terms stated by *Next Time Consignment* (NTC).

It is our goal to move your items as quickly as possible for the best possible price. To make this happen, we must consign and stock items that are most popular with our **customers**. *Please understand when we cannot accept an item.* **NTC determines** all pricing based on style, condition and customer demand. We are happy to work with you on special pieces based on rarity, manufacturer, age, etc.

- NTC will select items that are in current demand by our customers
- NO COST to open a new account
- Home Décor requires no appointment 7 days
- Furniture requires advance approval, text pictures to 434-665-3108 for approval
- All consignments must be **clean, good repair, no stains or odor**
- **Damaged or excessively soiled items will be donated or discarded without notice**
- All consigned items are at a 50/50 split of sold price
- Please bring along a helper when delivering furniture to the shop
- Due to allergies we are unable to accept furniture from a smoking or cat friendly home
- NTC will add a small recovery fee to each purchase, this will not reduce your 50% payment
- Anyone requesting that a check be mailed to a local address, account will be charged \$2
- ALL Holiday items are donated if not sold
- Back door drop off, quick and easy!

NTC will automatically discount items 20% after 30 days. We require all consignors to participate in our periodic promotions, which commonly run, but not limited to a 10 - 20% discount. All items will be cataloged and displayed for a full 60 days, early pick-up will not be permitted. All expired items must be picked up within five (5) days after expiration, all unclaimed items will be donated. No returns on < \$10 value.

NTC agrees to pay all consignors 50/50 split. Payable any time after item sells. **Consignor credits can be used on purchases immediately when an item is sold. See a staff member for more details!**

NTC will work hard to protect your items, but we are not responsible for any damage or loss. NTC will not retain any packaging materials. All loading and unloading of items for consignment will be at the risk of the consignor to include any personal injury.

I have read and agree to all terms as stated above and understand this agreement between the consignor and consignee, Next Time Consignment (NTC). Subject to change without notice. Thanks so much for choosing Next Time Consignment!
